

 ***I Like Small Men***

©Linda Allen 1982

I like small men
They got a way about 'em
I like small men
They got a way about 'em

Well, these macho men they think they're so damn cool
But my sweet little papa make 'em look like fools

Chorus

Well, they talk so cool and they strut their stuff
But with my little papa, I can't get enough

Chorus

I used to love Clint Eastwood with his sneer and tan
Now Woody Allen, I'm your greatest fan

Chorus

You can keep tall and handsome, honey, short's my style
'Cause the way we fit together just drives me wild

Chorus

They got a sweet way o' talkin' moves me to my soul
They got a nice way o' walkin, make me lose control

Chorus
