CHORUS:

Libba's gone

Libba's gone

Like the passing of a song

Libba's gone

Stella cried

Stella cried

That guitar moaned and sighed

When Libba died CHORUS

She's singin' songs

She's singin' songs

And God and all the angels

Sing along CHORUS

I'll be there soon

I'll be there soon

With the turning of the moon

And one more tune CHORUS

Trains roll on

Trains roll on

And tonight they sing your song

Here and gone CHORUS
