The Old Moon Rocks in the New Moon's Arms

Take it easy -- take it slow
Close your eyes, you've no place to go
I'll hold you close, I'll keep you from harm
While the old moon rocks in the new moon's arms

Oh, the waves roll in, and the waves roll out
Sometimes you wonder what life's all about
You struggle and hope, and the years roll by
You long for a hug and a sweet lullaby

See the stars, they're smiling at you
Though you're feelin' old, they know you're still new
And when you are tired, just rest my dear friend
And see how the moon always comes back again
